

Meridian Analytics Inc. – Annual Report, Fiscal Year 2024

Financial Highlights

Meridian Analytics Inc. reported total revenue of \$84.2 million for fiscal year 2024, representing a 19% increase over the prior year. Net income was \$11.6 million, up from \$8.9 million in FY2023, driven primarily by growth in the company's enterprise data analytics segment.

Segment Performance

The Enterprise Analytics segment contributed \$52.3 million in revenue, while the Consulting Services segment contributed \$31.9 million. Enterprise Analytics grew 27% year-over-year, outpacing Consulting Services growth of 8%.

Operating Expenses

Total operating expenses were \$68.1 million, including \$22.4 million in research and development, \$18.7 million in sales and marketing, and \$14.3 million in general and administrative costs.

Headcount

The company ended FY2024 with 612 full-time employees, an increase of 84 from the prior year, with the largest growth in the Engineering and Data Science departments.

Outlook

Management expects FY2025 revenue growth in the range of 15% to 20%, driven by continued expansion of the Enterprise Analytics product line and planned entry into the European market in the second half of the fiscal year.
