

Reimbursement Policy – Meridian Analytics Inc.

Submission Window

All reimbursement requests must be submitted within 30 days of the expense date. Requests submitted after 60 days will not be reimbursed except under documented extenuating circumstances approved by the Finance Director.

Payment Timeline

Approved reimbursements are paid out within the next two payroll cycles following approval, via direct deposit to the employee's registered bank account.

Currency and Exchange Rates

Expenses incurred in a foreign currency are converted to USD using the exchange rate on the date of the transaction, as reflected on the employee's card statement. Manually calculated conversions are not accepted.

Disputed Reimbursements

If an employee disputes a rejected reimbursement, they may appeal in writing to the Finance Director within 10 business days of the rejection, including any additional supporting documentation.

Advances

Employees traveling internationally for more than 5 days may request a cash advance of up to \$500 through Finance, which is reconciled against actual expenses upon their return.
