

Travel Expense Policy – Meridian Analytics Inc.

Booking Travel

All flights and hotels must be booked through the company's designated travel portal to ensure duty-of-care tracking and negotiated corporate rates. Exceptions require Finance Director approval in advance.

Flight Class

Domestic flights under 5 hours must be booked in economy class. International flights over 8 hours may be booked in premium economy or business class with Director-level approval.

Hotel Limits

Standard hotel spend is capped at \$250 per night in major metro areas (e.g., New York, San Francisco, London) and \$180 per night elsewhere, unless a conference rate requires a different property.

Meals While Traveling

Employees may claim up to \$75 per day for meals while traveling on approved business trips, itemized as breakfast, lunch, and dinner. Alcohol is only reimbursable when entertaining a client, up to \$50 per event.

Ground Transportation

Ride-share and taxi expenses are reimbursable for airport transfers and client meetings. Personal vehicle use is reimbursed at the current IRS standard mileage rate, calculated from the employee's regular office location.

Combining Personal Travel

Employees may extend a business trip for personal travel, but the company will only cover the cost equivalent to the business-only itinerary; any price difference is the employee's responsibility.
