

Parental Leave Policy – Meridian Analytics Inc.

1. Eligibility

All employees who have completed at least six months of continuous employment are eligible for parental leave, regardless of gender or the manner in which they became a parent (birth, adoption, or surrogacy).

2. Duration

Primary caregivers are entitled to 16 weeks of paid parental leave. Secondary caregivers are entitled to 6 weeks of paid leave. Leave must be taken within 12 months of the birth or placement of the child, and may be split into two blocks with manager approval.

3. Pay During Leave

Parental leave is paid at 100% of base salary for the eligible duration. This does not include bonus or commission components, which are prorated based on actual days worked in the relevant period.

4. Application Process

Employees must notify their manager and HR at least 30 days before the expected start of leave, where practicable. A parental leave request form must be submitted through the HR portal along with supporting documentation (e.g., due date letter, adoption confirmation).

5. Job Protection

Employees returning from parental leave are guaranteed reinstatement to the same or an equivalent role, with the same pay, benefits, and seniority, provided the leave did not exceed the policy maximum.

6. Exceptions

Employees on active performance improvement plans (PIPs) at the time of their leave request will have their PIP paused during leave and resumed upon return, rather than being extended or cancelled.
