

## Vacation Policy – Meridian Analytics Inc.

### Accrual

Full-time employees accrue 1.75 days of paid vacation per month, totaling 21 days per year. Accrual begins on the first day of employment, but new hires may not use accrued vacation during their first 90 days.

### Carryover

Employees may carry over a maximum of 5 unused vacation days into the following calendar year. Any days beyond this cap are forfeited on December 31st unless local law requires otherwise.

### Requesting Time Off

Vacation requests should be submitted at least two weeks in advance through the HR portal for approval by the employee's manager. Requests during the last two weeks of December require additional lead time due to company-wide blackout scheduling.

### Unused Vacation at Termination

Upon voluntary or involuntary termination, employees are paid out for unused accrued vacation days at their current base salary rate, in accordance with state and local law.

### Part-Time Employees

Part-time employees accrue vacation on a prorated basis according to their contracted hours per week, calculated using the same 1.75-day-per-month formula applied to full-time equivalent hours.
